

Five Senses Mindfulness

For this activity, students use each of their five senses to focus their attention on their surroundings. The following video, created by Sesame Street and the mental health platform Headspace, is a great introduction to the Five Senses mindfulness meditation practice. You may wish to use this video to introduce the activity to young students.

Watch on YouTube <https://edtechbooks.org/-UTpL>

Grade Level: All

Materials: None

Duration: 5 minutes daily or as needed.

Implementation: 1. Have students notice 5 things they can SEE.
2. Then, have them notice 4 things they can FEEL.
3. Have students draw their attention to 3 things they can HEAR.
4. Have them notice 2 things they can SMELL.
5. Have students draw their attention to 1 thing they can TASTE.
