

# VI. Preparing for an LIDT Career

Two of the most common questions students have when they enter an LIDT graduate program is what kinds of careers will be available to them after graduation, and how can they prepare for those careers? This section focuses on answering those questions. There are many more careers possible with an LIDT degree than those represented here, and additional chapters may be added in the future. The next question is for you to answer: What type of career do you want to have?

## LIDT Careers

For further information about career paths in the LIDT field, including videos about different job sectors within the field, focused on BYU IPT alumni, please visit the [EdTech Careers Job Sectors page](#).

# EdTech Careers

Explore the Instructional Design and Technology (IDT) field and find your dream job!

## About EdTech Careers

EdTech Careers is a free online careers resource for anyone interested in the Instructional Design and Technology (IDT) field.
