

HW 3.3 Final Project Work for Unit Revision

HOMEWORK

Learning Outcome	Pedagogical Intent	Student Position
<p>Employ theories of first and second language acquisition in teaching literacy. Assessment: 50 pts. Due: Session 4</p>	<p>Teachers can analyze a lesson plan and identify adjustments they can make to increase the literacy focus of the lesson.</p>	<p>Students have learned about literacy-rich and literacy-focused classrooms and three ideas about creating literacy focused classrooms from Cummins. They will now apply them to their unit plans.</p>

Instructions

1. This section of the Unit Revision will focus on planning the literacy-focus of your unit plan. Using your notes from LA 3.4,

design a literacy-focused classroom environment specific for the unit you are revising. You can look at enhancing a literacy-rich classroom through the unit's readings, charts, materials, activities, student products to demonstrate knowledge, classroom organization, resources, artifacts, posters, etc.

2. There are 2 components to this homework:

- Copy of Unit Plan with 5-7 revisions focusing on designing a literacy-focused classroom in terms of pedagogy, curriculum, and classroom organization (highlighted for the facilitator). Draw on ideas from readings, class assignments, and Literacy Guidelines for ELLs Poster.
- Literacy Environment Checklist: a bullet point list of ways you will design a literacy-focused classroom for this unit)
