

Me and My School Questionnaire (M&MS)

Me and My School Questionnaire is designed to assess emotional and behavioral difficulties in students Ages 8 and older. Its 16 items were specifically designed “so that younger children could easily read and comprehend [them]” (Moffa et al., 2019, p.3). Statements such as “I feel lonely” are rated on a Likert scale (EEF). The questionnaire has been tested in schools across the United States and the UK.

Pros for Schools	Cons for Schools
Provides an overview of emotional and behavioral aspects of wellbeing	No available translations Not yet widely tested
