

Licensing Information

This book is made freely available both online and for printing (via PDF). The overall work is released under a CC BY ([Creative Commons Attribution 4.0 \[https://creativecommons.org/licenses/by/4.0/\]](https://creativecommons.org/licenses/by/4.0/))

License, which means that you are free to **Share** and **Adapt** the work provided that you **attribute the author(s)** and **do not impose restrictions on others** from sharing and adapting the work.

However, since this is a work comprised of various preexisting content items, each chapter may have its own license that supersedes the overall license for the book. In cases of discrepancy, the license for the chapter overrides the license for the book. In particular, chapters that are noted as **copyrighted** are included with permission from their authors and may be freely shared and printed in the context of this book, but if you would like to do anything else with them that might be a violation of copyright or that would allow you to commercially benefit from the work, **you should contact the author of that chapter directly for permission before proceeding.**

In the case of each chapter, link and author information is provided to direct you to the original author of the blog post. Any copyright questions should be directed to them directly and not to the book editor(s).
