

The Writing Process

Think about the writing process as a very fluid cycle. You should use the writing process flexibly, adapting it to what you need to write. The way you use the writing process depends on a lot of things: task type, time, resources available, your experience with the topic, etc. The guidelines here are meant as general guidelines.

Addressing the Prompt
Prewriting
Writing
Revising
Originality
Timed Writing 1
Integrated Writing 1
